

in the conservation farm plan. Conservation practices installed before the execution of a CFO contract, but needed in the contract to obtain the environmental benefits agreed upon, are to be operated and maintained as specified in the contract. NRCS may periodically inspect the conservation practice during the lifespan of the practice as specified in the contract to ensure that the operation and maintenance is occurring.

(b) For those persons who are signatories to existing CRP or EQIP contracts, or WRP cost-share agreements, practices will be transferred from EQIP and CRP contracts or WRP cost-share agreements, as agreed upon in the CFO conservation farm plan and CFO contract. Remaining rights and obligations under CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP, EQIP, or WRP will be incorporated into the new CFO contract. Practices included in CRP or EQIP contracts or WRP cost-share agreements must be included in a CFO contract if an owner or producer wishes to participate. Participants in CFO with CRP, EQIP, or WRP practices incorporated into CFO contracts are responsible for operating and maintaining these practices for the balance of the period specified in the original program contract, unless otherwise stated in the conservation farm plan and CFO contract.

#### § 1468.23 Annual payments.

(a) CCC will determine annual payments, subject to the availability of funds, based on the value of the expected payments that would have been paid to the participant for that practice as specified in:

(1) Part 1410 of this chapter, if the practice is a land retirement rental payment or cost-share practice which would have qualified for payment under CRP in accordance with § 1468.6(a);

(2) Part 1467 of this chapter, if the practice is a wetland restoration or protection practice which would have qualified for payment under WRP which was determined eligible in accordance with § 1468.6(b);

(3) Part 1466 of this chapter, if the practice was a conservation practice

which would have qualified for payment under EQIP which was determined eligible in accordance with § 1468.6(c);

(b) The maximum amount of annual payments which a person may receive under the CFO for any fiscal year shall not exceed the total of the amounts calculated in accordance with paragraph (a) of this section after being limited as follows:

(1) The payment calculated in accordance with paragraph (a)(1) of this section is limited in accordance with CRP payment limitation provisions set forth in part 1410 of this chapter.

(2) The payment calculated in accordance with § 1467.9(a)(2) of this chapter is not limited.

(3) The payment calculated in accordance with § 1466.23(a)(3) of this chapter is limited in accordance with EQIP payment limitation provisions in § 1466.23(b) of this chapter.

(c) The regulations set forth at part 1400 of this chapter will be applicable in making payment eligibility determinations for CFO and in making person determination as they apply to the limitation of payments determined in accordance with paragraph (b) of this section.

(d) The CCC cost-share payments to a participant shall be reduced so that total financial contributions for a structural or vegetative practice from all public and private entity sources do not exceed the cost of the practice.

(e) A landowner or producer that enrolls in CFO and terminates a CRP or EQIP contract or WRP cost-share agreement will be eligible to receive payments for practices which have been determined, established, or completed by the technical agency under those contracts or agreements. Once the CFO contract is effective, all payments for practices, including any practice transferred from the terminated contract agreement will be made under the CFO contract, except for payments already earned under prior contracts or cost-share agreements.

(f) Payments will not be made to a participant who has applied or initiated the application of a conservation practice for the purposes of CFO prior to approval of the CFO contract.

#### § 1468.24

#### 7 CFR Ch. XIV (1–1–04 Edition)

(g) When requested by the State Conservationist on a case-by-case basis, the Chief may approve, based upon availability of funding, cost share on the reapplication of a practice to replace or repair practice destroyed by unusual circumstances beyond the control of the landowner.

(h) The participant and NRCS must certify that a conservation practice is completed in accordance with the conservation farm plan to establish compliance with the contract before the CCC will approve the payment of any cost-share, incentive, or land retirement payment.

#### § 1468.24 Contract modifications and transfers of land.

(a) The participant and CCC may modify a contract if the participant and CCC agree to the contract modification and the conservation farm plan is revised in accordance with CCC requirements and is approved by the conservation district.

(b) The participant may agree to transfer a contract to another eligible owner or operator with the agreement of CCC. The transferee shall assume full responsibility under the contract, including operation and maintenance of those conservation practices already installed and to be installed as a condition of the contract. By agreeing to participate in CFO, CCC may require operation and maintenance of those conservation practices installed under CRP, EQIP, or WRP.

(c) CCC may require a participant to refund all or a portion of any assistance earned under a CRP or EQIP contract, or WRP cost-share agreement that was terminated as a condition of participation in CFO, if the participant sells or loses control of the land under a CFO contract and the new owner or controller does not assume responsibility under the contract.

#### § 1468.25 Contract violations and termination.

(a)(1) If it is determined that a participant is in violation of the provisions of this part, or the terms of the contract including portions of the contract that incorporate transferred obligations from CRP or EQIP contracts, or WRP cost-share agreements, CCC

will give the participant written notice of a reasonable time to correct the violation and comply with the terms of the contract and attachments thereto, as determined by the FSA county committee, in consultation with NRCS. If a participant continues in violation after the time to comply has elapsed, the FSA county committee may, in consultation with NRCS, terminate the CFO contract.

(2) Notwithstanding the provisions of paragraph (a)(1) of this section, a contract termination shall be effective immediately upon a determination by the FSA county committee, in consultation with NRCS, that the participant has submitted false information, filed a false claim, or engaged in any act for which a finding of ineligibility for payments is permitted under the provisions of § 1468.35 of this part, or in a case in which the actions of the party involved are deemed to be sufficiently purposeful or negligent to warrant a termination without delay.

(b)(1) If CCC terminates a contract, the participant shall forfeit all rights for future payments under the contract and shall refund all or part of the payments received, plus interest, determined in accordance with part 1403 of this chapter. CCC has the option of requiring only partial refund of the payments received if a previously installed conservation practice can function independently, is not affected by the violation or other conservation practices that would have been installed under the contract, and the participant agrees to operate and maintain the installed conservation practice for the life span of the practice.

(2) If CCC terminates a contract for any reason stated above, before any contractual payments have been made, the participant shall forfeit all rights for further payments under the contract and shall pay such liquidated damages as are prescribed in the contract.

(3) When making all contract termination decisions, CCC may reduce the amount of money owed by the participant by a proportion which reflects the good-faith effort of the participant to comply with the contract, or the hardships beyond the participant's control
